Why is it that we know more about the origin and flavor of the coffee beans in our cup of morning brew than about the steak on our dinner table? Why do we delight in the differences between a Zinfandel and a Cabernet

Craft Beef: A Revolution of Small Farms and Big Flavors ...

Most of their beef is grass fed, grass finished beef but it is all from small, family run ranches and farms. A few months back I heard that they were writing a book and that got me very excited. I was interested to hear their story so and they sent me a copy of Craft Beef: A Revolution of Small Farms and Big Flavors to read.

This book was very thought provoking ... and often times extremely irritating. I agree so much with the idea that beef is taking on the feel and arch of the craft beer, craft cheese, and even to a certain degree the sophistication that would make the most abrasive wine snob sit up and take notice.

Craft Beef: A Revolution of Small Farms and Big Flavors ...

Craft Beef: A Revolution of Small Farms and Big Flavors People have bastardized the word "craft,"

transforming it into something that brings to mind ultra-hipstery products that cost a fortune. Craft, in its true form, is about quality and care, which is something we'll always support.
