Logical Increments Blog

Often, people wonder if buying whatever it is that they want is a good idea now, or if there is something new just around the corner. Our philosophy is to buy whatever is good now, and not wait. The only exception is if there is a confirmed product with a confirmed release date and a confirmed price that is better than current options and fits ...

Logical Increments Blog

These days, you don't need to get a humongous gaming desktop to play AAA titles at max settings. With lower prices, powerful components, and sleek designs — now is an excellent time to get a gaming laptop. Most modern gaming laptops feature Nvidia's new RTX cards, although even the ones with older GPU models manage to achieve high-end performance in sleek, portable packages.
